Episode 2: Monday March 30th 6 PM
Ground Rules

• The chat function is on in Zoom, please use it to ask your questions. If you are on Facebook live, type your questions in the comments and we will answer them all before the call is over.

• Please take a moment in the chat function (Zoom) or Comments (Facebook) and put in your name and unit number just so we know who was on the call.

• Please mute your computer so that your background noise doesn’t interrupt the experience of others.

• We are recording the call, so if you miss something it will be posted on the website and Facebook after the meeting (likely tomorrow).

The BSA partnered with NetSmartz® and the National Center for Missing and Exploited Children® and training experts for many law enforcement agencies to offer Cyber Chip resources, including grade-specific videos, for each level. Topics include cyberbullying, cell phone use, texting, blogging, gaming, and identity theft.

The BSA is committed to creating safe environments for Scouts and leaders. Child abuse is an uncomfortable topic but an important one for us to cover to ensure the safety and well-being of our Scouts. The Boy Scouts of America has partnered with subject-matter experts from the Barbara Sinatra Children’s Center Foundation to present the “Protect Yourself Rules” that help children recognize, respond to, and report abuse.

“The Iceberg Analogy”

The true cost of Scouting

What you see above the water is only about 20% of what Scouting provides to our members.

Books, uniforms, Boys’ Life, Equipment, Registration, Activity Fees, Meeting site costs, etc.

But there is a whole lot more below the waterline!

The majority of the costs of the Scouting program, including running the Council camps, record keeping, distribution of printed and electronic materials, training programs, support staff, and insurance are hidden beneath the surface, just like an iceberg. The 99 percent that isn’t visible is what keeps the rest afloat. Help keep Scouting afloat!
